CAREER OBJECTIVE

Having spent my life in KPK Pakistan, I love this moment in my life to practice code. a quick learner from the environment. and also ability's of hard-working. I want to improve our skills in the future. when I am busy so on this day I am very happy.

WORK EXPERIENCE

Web Developer

Freelancing

📅 2020 - current

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3, which improved user satisfaction by 31%.
- Built API following RESTful standards to allow users to submit information by storing data in MongoDB.
- Created a Mobile Responsive User Experience with CSS Flexbox that allowed cross-platform accessibility to the website on any device with primary use on mobile.
- creating the E-commerce web app with the help of React.js
- i was created react.js app from simple HTML CSS website and change this website to the responsive Mobile 📱 screen.
- I was converted React.js apps to Next.js
- Changing a lot of website to mobile 📱 screen responsive
